OUR STORY

We are one of the UK's leading sauce manufacturers, specialising in premium-quality condiments, coatings, and mixes for the retail, catering, and wholesale sectors. With a diverse collection of brands tailored to different food-service industries, we also offer bespoke/white label and specialist solutions to help create your perfect product.

Our journey is driven by passion and experience. Our director, Mr. Idrees, has over 35 years of expertise in the food industry. His career began with a strong interest in food, starting as a shop assistant at KFC. Through dedication and hard work, he quickly rose to the position of store manager.

His entrepreneurial spirit first led him to successfully operate 10 franchised chicken stores. Building on that success, he went on to establish a food distribution business, which grew into a multi-million-pound enterprise in the UK. This remarkable journey, combined with his versatile experience, ultimately inspired him to venture into manufacturing. Today, we are proud to be a trusted name in the industry, serving over 1,000+ businesses across the country.

MADE IN BRITAIN SPREADING FLAVOUR WORLDWIDE

NASHVILLE HOT CHICKEN PREP GUIDE

1. Nashville Spicy Marinade

- **Ratio:** 30g marinade powder per 1kg raw chicken.
- **Instructions:**
 - Ensure chicken is thoroughly damp.
 - Mix thoroughly with marinade powder.
 - Cover and refrigerate for 12–24 hours for maximum flavor infusion.

2. Nashville Crispy Breading

- **Step 1:** Coat marinated chicken evenly in crispy breading.
- **Step 2:** Dip breaded chicken in cold water briefly.
- **Step 3:** Bread it again for an extra crunchy finish.
- **Step 4:** Fry until golden and cooked through, using an open fryer or Henny Penny.

3. Nashville Dipping Oil

- **Mix:** 20g dipping oil powder with 80g rapeseed oil or melted vegetable shortening.
- **Keep Warm:** Maintain at 50°C (122°F) for best consistency.
- **Final Touch:** Dip freshly fried chicken into warm dipping oil for that signature flavor.

4. Nashville Insane Hot Dust

- Sprinkle over the finished product to taste.
- **Tip:** Adjust amount for your desired heat level—a little goes a long way!
